1   35.   (New) The method of claim 3, wherein the instruction further includes a partition portion

2   that specifies an address within a partition table comprising a set of addressable storage

3   locations, the contents of each storage location specifying a starting register file address, the

4   method further comprising the step of determining the target starting register file address using

5   the partition portion.

REMARKS

Thirty claims were originally filed in this case. Claims 10-24 were elected for examination and have been rejected in the parent application. Claims 11-24 are canceled and new claims 31-35 have been added. Reconsideration of the application in view of the above changes and the following remarks is respectfully requested.

Respectfully submitted,
GORAN DEVIC
